## 1- أنظمة الباقات

يوضح النظام التكلفة التقديرية لكل متر مربع ومستوي التشطيب.

## cost plus-2

يتم اعداد مقايسة تقديرية للاعمال ويتم تحديد نسبة الاشراف من اجمالي تكاليف المقايسة التقديرية.

## 1 -Package systems

The system shows the current cost per square meter and level of finishing.

## 2-cost plus

estimated measurement of work is prepared and percentage of the supervision is determined from the total cost of the estimated evaluation.
